THE BLOCKADE,

A telegram from Salt Lake, dated the 20th, says:

A construction train went East from Ogden last night, but has not yet reached Echo Station. A washout is reported between Weber and after which he will proceed east to Reho, in Weber Cañen. No train Elko, Eureka, Austin and other from Green river has succeeded in getting west as far as Evanston on account of the washout at Leroy. The condition at present is serious. There is a washout at Bitter Creek, 190 miles east of Ogden, and a bad washout at Leroy, 112 miles east of Ogden, where the wires are down and another about 30 miles east of Ogden. The difficulty in making repairs is on account of no trains passing over the road—no trains having run from Ogden to Green River for six days.

LATER-From a dispatch from Ogden, of the 21st, we have the following: The railroad blockade still continues. It was expected that the passengers who were delayed here would start East this morning, all being ready and the engines attached, when news came that no trains could get through to-day. There are now about twenty cars of passengers west of Green River, the first of which will probably arrive here sometime to-morrow, unless new trouble arrises which is not at all anticipated. day, summoned there on account of This division will probably be all repaired by to-morrow and it is expected that the whole line will be in running order by next Saturday or Sunday, of nothing further occurs during that time. The trains will start west to-morrow. The U. P. Company has been issuing subsistence to emigrants here, and they have kept remarkable good order for such a large number. The utmost good feeling prevails among the passengers, who accept the situation gracefully, believing that all is being done that human power can to restore communication. Between 400 and 500 passengers of all classes are detained here but all are comfortable and well provided

Advices from Wilkesburg, Pa., of the 17th instant give the following account of a recent demonstration of the miners who are on a strike there. We fear there will be much blood shed and trouble before the matter is

They were a notley and rough looking crowd. Their officers were mounted, and their commander was dressed in the uniform worn by the militia of the State. They had a drum corps and two brass bands, and carried the Stars and Stripes. They also carried a number of banara. a number of banners. Following were some of the mottoes: "If Union is Strength Sugar Notch is a Sam- against the change. The matter was son." "Our cause is just and we will win." "While we've a crust we'll not give in." "Traitors should be branded with the mark of Cain; bribers and betrayers are useless; our series had been in use four years, Union is noble and strong." RAILROAD MATTERS. - The trains from the east are unusually light nowadays. The break on the Union Pacific has cut off all communication by rail with the east, and cars, mail, and passengers are accumulating east of the break. It is said that there are a thousand loaded cars for the west between Chyenne and Laramie, and the number is increasing daily. The Union Pacific company are boarding 2,000 emigrants, who are awaiting transportation at Omaha. As soon as the breaks are repaired there will be a tremendons rush, and special trains will be the order of the day.

BUILDING -- We portice that there is considerable building going on at robbers. present in Reno. A walk up the track reveals three or four new frame thouses being constructed, one of them being a somewhat pretentions edifice. All the carpenters and brick masons in town are hard at work, amd the town is rapidly growing. All who desire to have a nice place for a home will naturally seek just such a place as Reno. It possesses many advantages that but few towns can boast of. Reno is destined to be an important city yet.

ham knows our weakness, and he sent us a box of luscious strawberries secure some of those new style Spring dress goods at 25 cents per yard, at nia and among the first that has been sent here this season. WOOD-CHOPPERS. - We have noticed for several evenings a number of fires way up on the side of the mountains among the snow, and upon inquiry found out that they belonged] to the wood choppers who are cutting wood there for Mackey, Fair & Go. They must have a cheerless time of it up there among the snows. But then camp life, though rough, has many attractions in it and the boys always look healthy and happy.

PROGRAMME. - The following is the order of exercises as they will be observed at the stand on the occasion of I. O. O. F. celebration next Monday: Prayer; Song by the Cnoir: Remarks by the President, H. B. Cossitt; Music, Reno Brass Band; Poem, C. C. Powning; Song by the Choir; Oration, W. M. Boardman; Music, Reno

PLUMMER.-Yankee Plummer, the great imitator of characters, passed through Reno on Tuesday on his way to Truckee. He convulses whole audience with laughter at his drolleries. "A merry heart doeth good like a medicine." We hope he will give an entertainment here.

Counterfeit Coin. - We notice that California is flooded with spurtous coin of every denomination. Of course the market is flooded with it and our citizens here will do well to keep a sharp look out for it, and not Se caught by it. A little care is all that is necessary.

ICE CREAM .- We notice that Sam Welch has a lot of delicious ice cream around at the Woodcock Resthurant. This is the first that Sam has made this Spring. Take your girls and treat them to some of that Pascious coolness.

Hor.-Wednesday the thermomcher marked 84 degrees in the shade at noon. Trot out your linenclothes.

BRIGANDS IN INYO COUNTY.

There is a gang of "greasers" down in Inyo county who are having matters pretty much their own way. They stop travelers on the rout, miners, teamsters, mer hants, at dothe s, and go through them after the most approved robber tactics. There are approved robber tactics. There are about ten or twelve of these fellows and perhaps fifty sympathizers,—all caudidates for the same fate which overtook Vasquez. It is not certainly known whether the Inyo couny gang is the left wing of Chavez's small army. But fellows of this class range through Inyo, San Bernardino and Los Angeles counties. There is now in San Francisco a merchant from Inyo county who has been there six weeks, and is afraid to return lest this gang should rob and murder When robbers become bold enough to suspend a part of the business of a county, and to take toll generally, it is time that they were the concert of action, a reasonable reward and a dozen well armed citizens, ought to make it hot for these

EL DORADO SALGON. - Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons. Musical headquarters,

JACK NELSON.-This horse will stand in Reno and vicinity during the present season. He belongs to the fastest breed of horses there is on the coast—many of his relatives having made their mile in 2:25. He himself, has made his two miles in 6 minutes, and is an untrained animal. He would make a fast trotter were it not for an accident that severed his gambal joint, whereby he was unfitted for the turf. He is 16 hands high, and weighs 1,225 pounds. He is a beautiful animal and we advise all to take a look at him and if he suits, you will do well to patronize him.

DR. A. B. SPINNEY,

DR. A. B. SPINNEY.

WELL KNOWN throughout the country as a Pathrlogist and Physiologist whose successful treatment of certain physical disabilities and functional detaugements deservedly entitled him to the familiar recognition of the Great Specialists, would respectfully inform the citizens of Virginia. City. Nevada, and vicinity that he can be consided at No. ISS South C street, Virginia, seven doors north of the French Drug Store, at his office, thus giving invalids an opportunity of ridding themselves, through his professional agency, of such constitutional among an among an energy of such constitution of such and among an energy of such constitution of such constitution of the manufacture of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical Colleges is gauged by an elevated standard. An extended experience and an assidnous study of the varied phases of disease enables him to guarantee assurance of success in the evaluation of the multiform chronic affections incident to both sexes, such as Nervons Debility. Extte nutiform chronic affections incident to both sexes, such as Nervous Debility, Ex-bausted Nitslity, Youthful Excesses, Marriage Impediments, Chronic and General Afflic-tions.

TO THE LADIES.

DR. SPINNEY, while naturally impressed with the deheacy of the subject, feels no resitancy in assuring them that, in conjunction with a competent knowledge of their various sufferings, such as Nervousness, Neuralgia, Spinal Weskness, Loss of Appetite, Lassitude, Prolapsus Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Lenchorrea, Dyspepsia, Indigastion, Constipation, and the many petty, irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

mediate relief.

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest book ever haid at the altar of suffering humanny. DR. SPINNEY will gaurantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that if you obstinately persect in procrustination, the time must come when the most skillful playsicians can render you no assistance; when the door of loope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself more jour imagnation, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

COME AND BE HEALED.

COME AND BE HEALED.

It mak is not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so pieuse call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.

middle-Aged Men.

There are many of the age of thirry to rixity who are treabled with too frequent evacuation of the bladder, often accompanied by a slight smarting or busing sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albinners will appear, or the color will be of a thin and milkigh line, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the canse, which is the second stage of seminal weakness. Dr. S. will ganrantee a perfect cure in all such cases, and a healthy restoration of the genito-intrary organs.

N. B.—Only an interview required in a majority of cases; balance of the actual team be conducted at home without in coption of business. No cases treated atthout a personal interview and proper examination. Office hours—10 to 1, 2 to 4, and 7 to 8. Consulation Free. Examination and advice, \$5.
